

Diego Puentes

Senior Consultant

Enterprising by nature, I appreciate complex projects requiring a great deal of involvement. Organization and quality of work are my trademarks. Reliable and committed, I like to work with people who say what they do and do what they say.

Education

Master of Science in Information Systems

09.16 – 07.18

University of Lausanne, Faculty of Business and Economics (HEC)

- Double skills in Management and Engineering of IS/IT.
